

# Cécile Donth, Developer Python

California, United States, 98765411, c-cile72@msn.example.com

## PROFILE

As a highly skilled and passionate Python developer with over 5 years of experience, I excel at designing and implementing efficient, scalable solutions to diverse programming challenges. My proudest accomplishment is the creation of a machine learning model that improved recommendation accuracy by 40% for a leading e-commerce platform. With my strong foundation in Python, keen problem-solving abilities, and an unyielding commitment to quality, I strive to deliver software solutions that exceed expectations and foster success.

## EMPLOYMENT HISTORY

2016 — 2018

### Junior Python Developer, CodeFemme Solutions

Collaborated on the development of data-driven web applications, contributing to a 25% increase in client satisfaction.

2018 — 2020

### Data Analyst & Python Developer, DataVizTech

Developed and integrated C/C++ code for embedded systems, contributing to the successful launch of three innovative robotics products.

2020 — 2023

### Senior Python Developer, AI-Powered Solutions

Developed an advanced machine learning model for a leading e-commerce platform, enhancing recommendation accuracy by 40% and boosting overall user engagement.

## EDUCATION

2012 — 2016

### Bachelor of Science in Computer Science, Innovate University

Graduated with Honors

## SKILLS

Detail Oriented

Team Player

Initiative and Problem-solving  
Abilities

## HOBBIES

Women in Tech Advocate: Actively participating in events and online communities to empower and support women in the tech industry.

Coding Workshops Instructor: Volunteering as a mentor and instructor for coding workshops, teaching Python programming to students and underprivileged communities.

DIY Electronics: Building and tinkering with Raspberry Pi and Arduino projects, combining Python with electronics to create practical and innovative solutions.

Gardening and Bonsai: Cultivating a variety of plants and practicing the art of bonsai, nurturing patience and creativity while staying connected to nature.

Yoga and Meditation: Practicing mindfulness and maintaining a healthy work-life balance through regular yoga and meditation sessions.
